In this number we've gathered the last documents catalogued by the documentation service, we have added organizations who work in the field of Juvenile Justice, links to webs wich contain social matters and the news of multiple countries about to minors.

The International Conference that will be held in October in Salamanca, Spain, continues its development and we'll keep you up to date in a short time, about its content, speakers and structure in the section of the web page: [The International Conference](#).

The IJJO Newsletter, is a service created by the Observatory for its users and collaborators, to receive it monthly in your email address it's only necessary to register as a [user](#) or [collaborator](#).

The good responses and the visits that we are receiving daily in the IJJO, help to motivate us to continue with our [mission](#) and [objective](#).
