The First International Conference 'Juvenile Justice and the Prevention of Delinquency in a globalized world'

29/11/2004

IJJO / IJJO

International - The First International Conference organized by the International Juvenile Justice Observatory took place in Salamanca on the 27th, 28th and 29th November, 2004. The IJJO started its work in January 2003 by mandate of the Diagrama Foundation with a clear aim to facilitate the work of those who deal with juveniles in Conflict with the Law. As a beginning it was considered necessary to generate a tool of 'virtual work', the Website of the IJJO, which would have a window open to the world to make the communication and the exchange of information easier. At the moment we can say that the webpage has been functioning for 20 months and the visits increase day by day.
